Dear Students, Parents, Guardians,

I am excited to start this upcoming school year as your Metcalfe County High School principal. MCHS offers a challenging academic program, outstanding co-curricular and extracurricular programs, and exciting school-sponsored events throughout the school year. I feel honored to serve as the instructional leader of the school and look forward to working with the MCHS community to provide exceptional learning experiences for our students.

Metcalfe County High School's extremely thorough curriculum is the foundation for our student's success. We offer a variety of options for our students to ensure they have all the tools they need for success. It is imperative that every one of our students' needs are met.

Metcalfe County High School's staff focuses on leading with character and integrity. We focus on building relationships and providing support for all learners. The staff at MCHS are here to meet the needs of all students.

In addition to academics, we offer extracurricular programs, including music, athletics, Ag, aviation, and theatrical arts. We want to encourage all of our students to get involved in school activities. Getting involved with clubs or activities within MCHS is a great resume builder. Even if they are not directly related to your major, they may offer other skills that will help you when applying for future jobs or provide you with affective life skills.

Metcalfe County High School provides timely feedback to parents and students utilizing the Infinite Campus Parent Portal, teacher email, and teacher websites. I would like students and parents to take advantage of these opportunities so that everyone is well informed regarding grades and attendance.

In an effort to provide a safe learning environment, the administrators have assembled a Student Handbook. The rules and regulations contained in this booklet are in effect and govern the behavior of students while on school grounds during school hours, off campus during school hours, at school-sponsored functions, or while being transported to or from school activities. Please take some time to read this valuable information and familiarize yourself and your child with the information.

It will be a great year at Metcalfe County High School!

Sincerely,

Principal

Kentucky House Bill 91, sometimes referred to as the “Golden Rule Bill” or the Bullying Bill,” was enacted during the 2008 legislative session. Through the provisions of HB 91, it will be possible for school and district employees to report serious safe-school incidents, including bullying (rising to the level of a felony offense), to the principal so that quick and effective actions can take place to ensure the safety and well-being of all students.

Specific school requirements for completion for HB 91 include the following:

All school employees shall be informed of the requirements of the code as well as receive any necessary training.

If encountered, any school employee shall report to the principal any suspected felony offense listed below. If the principal is in doubt if the offense under consideration is a felony, he/she will consult with local law enforcement and the school board attorney.

Within 48 hours, the principal will file a written report to the local board of education through the superintendent. If when investigating the principal finds evidence of a felony offense, ONE of the following will be contacted: a local law enforcement agency, the Kentucky State Police or the county attorney. (If a principal does not find evidence of a felony offense, he/she does not have to file a report to the agencies listed.)

The principal will notify parents or guardians of the alleged victim and alleged perpetrator.

Law enforcement agencies receiving the principal’s report will investigate.

Students who violate this policy shall be subject to appropriate disciplinary actions.

### **Reports**

As provided in the District Code of Acceptable Behavior and Discipline, students that believe they are victims of bullying/hazing shall be provided with a process to enable them to report such incidents to District personnel for appropriate action.

As our school moves towards a 1:1 environment, we will ensure that all students have the opportunity to learn in an engaging environment reflective of the world that surrounds all of us. ## **DRESS CODE FOR STUDENTS**

As educators, we feel we are preparing our students to develop personal and professional standards of attire, which will often be required of them when they enter the workforce. ### **MCHS Grading Policy in all classes**

Homework 20% Quizzes/Projects 30% Proficiency Measures/Assessments 50%

Daily/Homework/Quiz: No extended time to daily work if a student does not finish work in the class period due to lack of effort with 0 assigned to grade. If student is engaged and requests more time or teacher sees there is extenuating circumstances, extended time will be given without penalty. If a student is in class the day an assignment is issued for the next day and the student missed that day (or multiple days) the assignment is due the day the student returns to school (the 5-day policy for absences does NOT apply here). Project/Papers: For these where a student is given the due date in advance and the student is absent during that period or even the day before it is due, there is NO extra time given and is still due as scheduled. If the student is absent the day the assignment is due, it is due the next day of the late grade sliding rule applies. 1 day late= 10% deducted; 2 days late= 20% deducted; 3 days late= 30% deducted; 4 days late= 40% deducted; 5 days late= 50% deducted; after 5 days a grade of 0 is given. If a student is absent during the 5-day period of the project/paper being late, there will be no extended time. Example, if a student is absent on day 2 of the project being late, and the student returns the next day, the project/paper is now considered 3 days late and 30% will be deducted from grade.

**\*\*Extenuating circumstances are case by case and are decided by the teacher\*\***

The regulation provides a financial incentive, known as the Early Graduation Certificate, for the student to support this action.

## **NOTIFICATION OF FERPA RIGHTS**

The Family Educational Rights and Privacy Act (FERPA) affords parents and “eligible students” (students over 18 years of age or students who are attending a postsecondary institution) certain rights with respect to the student’s education records. They are:

- 1) ***The right to inspect and review the student’s education records within forty-five (45) days of the day the District receives a request for access.***  
Parents or eligible students should submit to the school Principal/designee a written request that identifies the record(s) they wish to inspect. The Principal will make arrangements for access and notify the parent or eligible student of the time and place where the record(s) may be inspected.
- 2) ***The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or in violation of the student’s privacy or other rights.***  
Parents or eligible students may ask the District to amend a record that they believe is inaccurate, misleading, or in violation of privacy or other rights. They should write the school Principal, clearly identify the part of the record they want changed, and specify why it is inaccurate, misleading, or in violation of their privacy or other rights.  
If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise him/her of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
- 3) ***The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.***

Exceptions that permit disclosure without consent include:

- a. Disclosure to school officials with legitimate educational interests. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility to the District.
- b. Upon request, disclosure of education records without parent/eligible student notice or consent to officials of another school district or post-secondary institution in which a student seeks or intends to enroll or is already enrolled or to other entities authorized by law so long as the disclosure is for purposes related to the student’s enrollment or transfer.
- c. Disclosure of information to those whose knowledge of such information is necessary to respond to an actual, impending, or imminent and significant health/safety threat.
- 4) The right to notify the District in writing to withhold information the Board has designated as directory information as listed in the annual directory information notice the District provides to parents/eligible students.  
To exercise this right, parents/eligible students shall notify the District by the deadline designated by the District.  
The Superintendent/designee is authorized to release Board-approved student directory information. Approved “directory information” shall be: name, address, phone number, date and place of birth, major field of study, participation in officially recognized activities and sports, photograph/picture, grade level, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and most recent educational institution attended. Any eligible student or parent/guardian who does not wish to have directory information released shall notify the Superintendent/designee in writing within thirty (30) calendar days after receiving notification of FERPA rights.
- 5) The right to prohibit the disclosure of personally identifiable information concerning the student to recruiting representatives of the U.S. Armed Forces and its service academies, the Kentucky Air National Guard, and the Kentucky Army National Guard.

Unless the parent or secondary school student requests in writing that the District not release information, the student's name, address, and telephone number (if listed) shall be released to Armed Forces recruiters upon their request.

- 6) ***The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.*** The name and address of the Office that administers FERPA is:

A student whose punishment carries over into the following week is ineligible for events during the weekend as well.

- Students will complete class work while in ISS or their time will be extended.
- Online educational courses may be used as a requirement for release from ISS. For example, classes on vaping, drugs, alcohol, etc.

Dear Parent/Guardian,

Our most important function in Metcalfe County is to provide the safest learning environment possible for all of our students and school staff members.

Unfortunately, in recent years, Kentucky's P-12 schools have experienced an escalation of terroristic threats being made by students with intent to do harm to either other students or school staff members. Plainly stated, these are threats being made to shoot people or detonate bombs with lethal intent. In fact, between January 23 and April 30<sup>th</sup> of 2018, Kentucky schools experienced (294) terroristic threats that caused widespread fear throughout the school's community and resulted in total disruption to the educational process. In many of those cases, school officials and law enforcement officials were forced to close schools to investigate the threats that had been made. In other cases, school attendance plummeted for days after the threat was made. Many school leaders have said that the emotional, instructional, and financial impacts of these acts are incalculable.

**Terroristic Threatening in the second degree is defined in state law (KRS 508.078)**

**(1) A person is guilty of terroristic threatening in the second degree when, other than as provided in KRS 508.075, he or she intentionally:**

**b) Makes false statements by any means, including by electronic communication, for the purpose of:**

- 1. Causing evacuation of a school building, school property, or school-sanctioned activity;**
- 2. Causing cancellation of school classes or school-sanctioned activity; or**
- 3. Creating fear of serious bodily harm among students, parents, or school personnel**

**(For the complete text for KRS 508.078 please see the attached page.)**

Such threats to our students and school staff are totally unacceptable and will not be tolerated. As a result, the purpose of this letter is to notify all parents and guardians that school district officials (in coordination with responding law enforcement agencies) will **pursue immediate legal charges for felony terroristic threatening in the second degree, to the absolute fullest extent of the law, against anyone who makes such threats, including students.** Moreover, we will advocate to our highest ability that the prosecution of these individuals be swift and their punishment be severe.

Our approach to eliminating terroristic threats in our school and district is strong and unwavering, and as a result, it is imperative that you discuss this critically important matter with your student as soon as possible. School and law enforcement officials are determined to put a halt to these willful acts of terrorism being made toward our students. Please do your part to ensure that your student never becomes a party to such an offense by educating him/her on the seriousness of its consequences.

Together we can prevent this unnecessary, dangerous, and disruptive crime from victimizing our schools. I appreciate your partnership in keeping our school the safest place for your students to learn and grow.

If you have any questions or concerns, please contact your school principal at your convenience.

**PLEASE CAREFULLY REVIEW DETAILS OF KRS 508.078**

**Definitions of Terroristic Threatening:**

- 3. Creating fear of serious bodily harm among students, parents, or school personnel;**

**(c) Makes false statements that he or she has placed a weapon of mass destruction at any location other than one specified in KRS 508.075; or**

**(d) Without lawful authority places a counterfeit weapon of mass destruction at any location other than one specified in KRS 508.075.**

**(2) A counterfeit weapon of mass destruction is placed with lawful authority if it is placed as part of an official training exercise by a public servant, as defined in KRS 522.010.**

**(3) A person is not guilty of commission of an offense under this section if he or she, innocently and believing the information to be true, communicates a threat made by another person to school personnel, a peace officer, a law enforcement agency, a public agency involved in emergency response, or a public safety answering point and identifies the person from whom the threat was communicated, if known.**

**(4) Except as provided in subsection (5) of this section, terroristic threatening in the second degree is a Class D felony.**

**(5) Terroristic threatening in the second degree is a Class C felony when, in addition to violating subsection (1) of this section, the person intentionally engages in substantial conduct required to prepare for or carry out the threatened act, including but not limited to gathering weapons, ammunition, body armor, vehicles, or materials required to manufacture a weapon of mass destruction.**
